Jeni & Billy

"This is either the most sophisticated simple music or the simplest sophisticated music I've ever heard." That comment, heard after a Jeni & Billy performance, sums up the appeal of the duo's "New Old Music." Jeni Hankins & Billy Kemp perform new old music -- original songs rooted in the sounds of Appalachian culture. With exquisitely spare accompaniment and performances that are never rushed, Jeni & Billy's harmonies harken to a lost time and reverberate with a rare honesty as they inhabit the lives of miners, preachers, ramblers, lovers, and plain-living folks. Their music is quiet enough to be heard and just loud enough to be unforgettable. Ralph McLean of BBC Northern Ireland writes, "These guys understand the magic of understatement and the pure, unadulterated simplicity that flows through all great American roots music" -- a sentiment echoed by fans, colleagues, and fellow musicians. Jeni & Billy continue the tradition of the sweetheart duo, winning hearts with their genuine presence on stage and their true to life recordings, while bearing witness to the simple grace of plain folks.
